Hi Paula,

The funds are needed to cover the 2-week May event. The SAP is not yet ready but we'll be collecting stream flow, WQ samples, and sediment. We'll need \$50k to add at the end of April.

Thank you,

Nicole

Nicole – What field work is it that you are requesting funding for? We can get it going but it would be helpful to know what work it is and what amount of funding you need. Thank you.

Hi Paula and Liz,

Can you please start the process of requesting spending authority for the field work on Animas?  
We need to be able to fund at least some of the work towards the end of April. Let me know if  
you have any questions.

Thank you,

Nicole
